About This Content

This Rally-X (cross) expansion pack contains a high-performance R/C rally car and 8 awesome rally tracks. You also get a set of Rally-X car bodies and high-end components to configure and customize your car. Excellent choice if you want to take your VRC PRO E-sport experience to the next level!

- ✓ Electric 1:8 Rally-X chassis
- ✓ Full car setup options
- ✓ Extra car bodies and components
- ✓ 8 New Rally tracks*

** One of the four new Rally tracks will be released soon (and it will be automatically added to your account)*

VRC Pro cars are modeled with extreme precision, regarding both vehicle dynamics and visual appearance. Virtual Racing Industries has been developing R/C car simulation software for over 15 years, in close cooperation with industry experts and top class test drivers, and that's something you feel in each car we have available for you in VRC Pro.

Your new content is automatically downloaded by the game, directly after your purchase.

Have fun, and see you at the virtual track!

**Your support of the VRC Pro project is much appreciated. By buying this upgrade you enable us to keep developing new cars, new tracks and new game features which make VRC Pro even better than it already is!*
